

The 00Angels series is called "The Search for Hope." We are going to be looking at the process of finding hope for our lives.

The "Search for Hope" is based on the verses found in Romans chapter 5.

Verses 3 & 4 say this, "We rejoice in our sufferings, because we know that suffering produces perseverance; perseverance, character; and character, hope."

When Times are Tough...Hang On!

Why do we always wait until we are at the end of our rope to ask God for help. As soon as we encounter something that we are struggling with we should ask him. Going to God should be our first step. Giving up is not an option when you have the Almighty God on your side!

Perseverance

BIG IDEA: Don't give up...Get up!

Keep on Swimming!

Like Dory says in *Finding Nemo*, "Just keep swimming" Sometimes we have problems and feel like giving up. This is where perseverance pays off. "God gives the crown of life to those who persevere." James 1:12

If we continue to follow God no matter how hard things get, we will get our prize of eternal life when it's all over.

Keep chipping away at your dreams and you will make them happen...it may just take a while.
